## OBJECTIVE

---

I am motivated to collaborate effectively, with strong organizational skills, a diligent work ethic, and effective communication. I am eager to learn and contribute my best to achieve team goals.

## SKILLS

---

- **Technical Skills:** HTML, CSS, React, Java, Python, MongoDB, Nodejs, SQL
- **Interests:** Full stack web development, DSA, Machine learning
- **Tools:** Visual Studio Code, GitHub.
- **Languages:** English, Hindi, Urdu, Arabic

## PROJECTS

---

### Daily Journal Website

November 2023

- Developed a responsive daily journal website using HTML, CSS, JavaScript, Node, and Express, featuring secure user authentication, rich text editor, and personalized dashboards.
- Enabled users to compose journal entries with customizable titles, enhancing organization and ease of retrieval.

### The Simon Game

November 2023

- Created an interactive Simon game using HTML, CSS, JavaScript, and jQuery, featuring dynamic colour and sound sequences to enhance user engagement.
- Implemented responsive design and intuitive user interface, ensuring a seamless and enjoyable gaming experience across various devices.

### Drum Kit Game

January 2024

- Developed an engaging drum kit game using HTML, CSS, and JavaScript, allowing users to play various drum sounds with keyboard and mouse interactions.
- Designed a responsive and visually appealing interface, ensuring an immersive and user-friendly experience on both desktop and mobile devices.
